

Selected Apps in the Slide Show

Prices as of Nov. 1, 2020 in the Apple App Store; they often change! These are all iPad apps, some have Android or website versions. Many of these are included with tutorials in my online courses, <http://susiemonday.com/#/online-courses/>. For updates and coupons subscribe here: <http://madmimi.com/signups/184179/join>

Research and Organization:

Pinterest (free)

Vizref (\$3.99)

Curator (older app, but still works for me. Free and pro version)

Grid collage apps (like **PicCollage**, Free, with subscriptions and other paid features)

PHOTOS Albums (Apple software built in)

NOTES (Apple software built in)

Composition:

PHOTOS editing tools (Apple software built in) or any Smart Phone that can make a photo into a B&W version

ColorThief - change color palette (Apple and Android, \$1.99)

Bazaar - collage app, cut-and-paste (free with subscription and other paid options) Apple and Android

Grid apps, such as PicCollage or Pixlr

Photo-based designs, altered with apps

Pixlr - special effects, converts to vector image. Android and Apple (Free with in-app purchases and subscriptions)

ImaEngine - Special effects and converts images to vector. Android and Apple. Free, (with in-app purchase for saving options \$2.99)

Waterlogue - watercolor effects, Apple Mac and mobile, Free trial with subscription on Mac, \$4.99 IOS

Mobile Monet - (Apple IOS, \$1.99), older app but still good.

Painting and Drawing

Drawing Pad - kids app with simple layer tools and lots of brush/tool variation (\$5.99 Apple and Android)

Tayasui Sketches - (Apple and Android, several versions from free to \$5.99)

Tayasui Sketches School version is a good place to start!

SketchMee and SketchMee 2 -- Studio Mee has several different photo to sketch apps, IOS and Mac versions (starts at \$1.99) Not an outline sketch too, but renders a photo in pencil and colored pencil
Procreate - Sophisticated and full featured.

Patterning Apps/Abstract Images

Megaphoto - (Free and pro paid Apple and Android.) Lots of effects, get the pro version for even more

Kaleidoscope Drawing Pad - Kaleidoscope images with different brushes
iOrnament -- more complex symmetries. (Apple Free, remove ads .99)

OTHERS

NGAKids (free, Apple, also available upon request for PC, Mac) Kids app from the National Gallery of Art -- lots of tools, collage options, painting and drawing
